 **Investing In Physical Gold**  
00:00 / 24:17

Singapore Precious Metals Exchange (SGPMX) claims to be the world's first physical precious metals exchange that gives investors an online platform to buy and sell gold. Founder and CEO of SGMPX, Victor Foo, explains how the company aims to address all the problems that comes with owning physical precious metal: Where do you buy it? How do you move it? Where do you store it? And how do you trade it?
